

Who Sings What Songs !~

If your name is listed on any of the songs below, you should plan on singing them and coming to all/any music rehearsals that include them. If your name is not on the list below, you most likely will not sing in the show, not due to your singing voice, but due to the requirements of your character! 😊

***Please note, once we get all blocking done, the set's up, we see what we've got for stage space, etc, we might be able to add a few folks into one scene or another. At that time, a few people MAY be added to a few songs.

Thanks! Mrs. B
